Kristin Nelson: **A STRONG VOICE** *& Leader for Our Communities*

Kristin Nelson is a lifelong resident of Chambers County, where she was raised by her hard-working parents – Melvin and Donna Pike. Her late father worked in the blue-collar industry, and her mother served the Chambers County Board of Education for 38-years – instilling in Kristin a deep respect for faith, family, education, and community service.

While Kristin has served in both public and private sectors, including seven years with the City of Valley in administration and three years as a 3rd-grade teacher at Lanett City Schools, her most meaningful role has been homeschooling her boys through Classical Conversations since 2015. She has served as a tutor and local representative of the program, working to help other families thrive in home education.

In recent years, Kristin has returned to work part-time at Harris Gray LLC, while continuing to serve her community with passion and dedication. She is a worship leader at Fairfax Methodist Church, Secretary of the Junior Variety Club, President of the EAMC Lanier Auxiliary Board, founder of the Chambers County Young Republicans, and currently serves as Chairman of the Chambers County Republican Party.

In the Alabama Legislature, Kristin will be committed to preserving the values that make Chambers County and Lee County strong – faith, family, integrity, and service. She's prepared to work hard and deliver proven results for our community.

REPUBLICAN PRIMARY: OCTOBER 21st

COMMITTED TO SAFER CLASSROOMS

Across Alabama

Ensuring the safety of our children is a top priority – and that starts in our schools. That's why Kristin is committed to placing a dedicated School Resource Officer (SRO) in every school across Alabama. These trained law enforcement professionals not only help protect students and staff but also build positive relationships with young people, fostering a safe and supportive learning environment. Every parent deserves peace of mind knowing their child is protected from the moment they step on their school campus.

As a strong advocate for community-based safety, Kristin believes in proactive solutions – not reactive politics. By working with local law enforcement and school districts, she'll fight to secure the resources needed to make this vision a reality. Our schools should be places of learning, not fear. **With Kristin's leadership, Alabama can set a new standard in school safety – one that puts students first and protects what matters most.**

“

As someone who grew up on the Chambers-Lee County line, I know firsthand our district is full of hard-working families who are doing everything right, but still struggling to get ahead. We need more good-paying jobs, safer neighborhoods and schools, and to continue to protect our educational freedoms.

I'm ready to roll up my sleeves, get to work, and deliver proven results for the communities I love!”

KRISTIN'S PRIORITIES

for Our Communities

CREATING JOB OPPORTUNITIES

Kristin is committed to building a stronger local economy by supporting homegrown businesses, cutting red tape, and attracting new industries that bring high-quality jobs to our communities. Her focus is on long-term economic growth that lifts up every corner of our state, especially rural and underserved areas.

FIGHTING CRIME

Keeping our neighborhoods safe starts with strong partnerships. Kristin will work side-by-side with local law enforcement, first responders, and community leaders to reduce crime and strengthen public safety. She'll support the resources and training that our officers need – while also investing in youth programs, school resource officers, and community initiatives that prevent crime before it starts.

IMPROVING EDUCATION

Kristin believes that every child deserves a high-quality education, no matter where they live. She'll fight to fully fund public schools, raise teacher pay, and ensure that classrooms are equipped to meet the needs of today's students. At the same time, she respects the rights of parents and supports school choice options for families pursuing alternative paths. Her goal is simple: to give every child the tools to succeed – whether that's in a public, private, or home school setting.

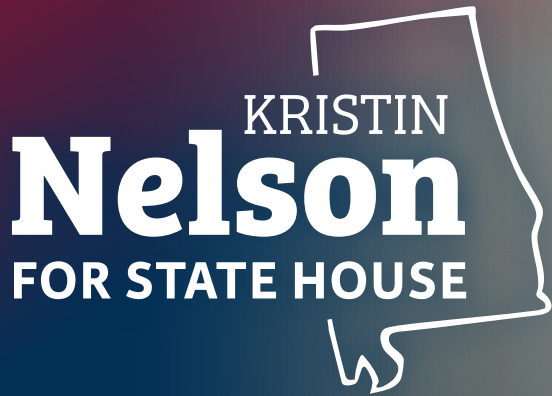

LOWERING THE TAX BURDEN

In these tough economic times, families are stretched thin – and Kristin believes that they deserve a break. She will champion commonsense tax relief policies that reduce the burden on working families, small businesses, and retirees. By cutting wasteful spending and prioritizing fiscal responsibility, she'll make sure more of your hard-earned money stays where it belongs: in your pocket.
